WORK EXPERIENCE

Freelance Textile Designer, Tel Aviv

2020-Now

Various roles with local + overseas clients including researching trends, designing knitwear and printwear collections, creating technical illustrations and technical packs, communicating with factories overseas to produce and develop samples, and developing samples independently.

Clients: Dikla Levsky, Noga Erez, Kornit Digital, Icialabas and Rivi Avivi

Projects and Social Media Manager, Materials Library, Holon Design Museum

2022-2023

Growing our social media presence, in charge of all platforms. Creating and managing different events, workshops and conferences for the Material Library. Managing the team of volunteers and students. Sourcing and acquiring new materials to add to the Library.

Fashion Product Specialist, Amazon, Tel Aviv

2021

As a Fashion Product Specialist, my team and I worked side by side with our Product and Engineering teams on a variety of fashion-related projects including product recommendations, outfit feedback, styling suggestions, attribute labelling, as well as researching and testing user experience to improve product features.

- Additionally, I was responsible for managing the weekly team updates and trend alerts.

- Consistently achieving over 100% monthly quota.

EDUCATION

BA in Textile Design, Shenkar College

2016-2020

Top degree in Textile Design, syllabus includes: various techniques such as textile & graphic design, research & development, industrial knitting, weaving, printing, pattern making, Adobe Creative Cloud.
